

Technical Aspects: DWI Continuing Legal Education for Criminal Defense Attorneys

Attend this live regional continuing legal education program and learn from one of the **nation's experts on standardized field sobriety testing and the drug recognition expert training program**. Come and learn from **Doug Scott, expert witness, consultant, and former police traffic services commander**.

Doug has been admitted in North Carolina courts (also MD, WV, OH, VA) as an **expert** in NHTSA standardized field sobriety testing, NHTSA Drug Recognition Expert evaluations, the detection and evaluation of drug and alcohol impaired drivers, forensic pharmacology, retrograde extrapolation, and other area including speed measurement, pharmaceutical diversion, crash investigation, and evidentiary breath testing. His expertise in impaired driving spans over three decades.

Don't miss this opportunity to attend **this local NC BAR approved CLE training course** and an opportunity to discuss this complex area of criminal law with Doug Scott.
