

## *JULY UPDATE: PAC FUND*

July 2, 2025

As of July 1, 2025, the state is operating on a continuing budget resolution because the General Assembly recessed prior to completing the final negotiations for the FY25-26 Budget.

**Under the current continuing resolution, payments for PAC resumed July 1, 2025.** As is the case each fiscal year, payments are subject to the availability of funds. With the General Assembly not adopting a new biennial budget, all state agencies will operate under the terms of the previous year's budget minus any one-time funds from the prior year.

IDS will make payments beginning on July 1 and will continue payments until such time as the PAC has been exhausted.

**We will continue with monthly updates to keep you informed.**

**As always, thank you for the work you do on behalf of your clients.**

\*\*\*

*Staff continue working to ensure that payments to you remain at no more than 45 days from receipt of the fee app(s) in Raleigh.*

## **Who can I contact if 60 days have passed and I haven't been paid?**

*Please contact the IDS Financial Services staff member assigned to your county. Please have the case name, case number, disposition date, the date submitted to the judge, and your tax identification number on hand when you call.*

*If you have several cases to research, email is best.*
